If life doesn't fall out precisely this way or according to an expected timetable, [we] may feel betrayed by God. But things are not so mechanical in the divine economy. We ought not to think of God's plan as a cosmic vending machine where we (1) select a desired blessing, (2) insert the required sum of good works, and (3) the order is promptly delivered.

Q & A

How do I receive revelation?

Here's a quote from President Nelson that I think is really helpful when it comes to seeking revelation. He said "When you reach up for the Lord's power in your life with the same intensity that a drowning person has when grasping and gasping for air, power from Jesus Christ will be yours. When the Savior knows you truly want to reach up to Him—when He can feel that the greatest desire of your heart is to draw His power into your life—you will be led by the Holy Ghost to know exactly what you should do." That's a comforting promise!
